

## **The EuroIncNet Investment Showcase – 10<sup>th</sup> October 2023**

EuroIncNet is coming together for an inaugural showcase in Montpellier France, home of [Montpellier Méditerranée Métropole Business and Innovation Centre](#), the French leading incubator in the Partnership as part of their Investment programme to showcase the best companies from across Europe driving forward in the **Med Tech, Environment and Agritech** sectors.

This provides investors across Europe an opportunity to attend a curated event of both local French scale-ups and EuroIncNet's crème del crème from these sectors. All the companies will be in the process of raising between €500k – 5m.

### Why attend:

- See the best in Europe in one place with around 15 start-ups and scale-up companies raising between €500k – 5m.
- Opportunity to understand the French tech ecosystem and see scale-ups from the Montpellier incubator raising €1m – 5m
- Three of the most important sectors today showcased – Med Tech, Environment and Agritech
- Opportunity to network with other European investors both during the showcases and at an informal evening networking session
- Opportunity to diversify your portfolio across other European countries from leading incubators
- Opportunity to find highly polished and quality curated deal flow from 7 countries across Europe
